RE: MOC Services

To Whom It May Concern:

We have had the pleasure of knowing Robert Harris for almost twenty years and did not hesitate to use his cleaning company for our building. Our building in downtown Orlando is over 17,000 square feet. Many people across the country have seen our facility featured on the Travel Channel's Extreme Workplaces. It is highly detailed with various surfaces and numerous antiques that take a great deal of attention. For us, in our business, image is everything and we have trusted Robert and his highly trained and personable staff to ensure the cleanliness of our building on a day-to-day basis.

I would not hesitate to recommend Robert and MOC Services for any cleaning or facility maintenance job that you may have.

Sincerely,
Dawn Michele Evans
Vice President / Director of Marketing
